CACFP-676

Subject: Seriously Deficient Institutions Listing Addendum – Child and Adult Care Food Program (CACFP)

To: STATE AGENCY DIRECTORS – Colorado DPHE, Iowa, Kansas, Missouri DH,  
(Special Nutrition Programs) Montana DPHHS, Nebraska, North Dakota,  
South Dakota, Utah and Wyoming

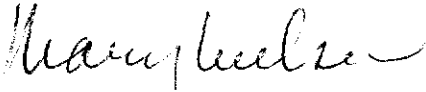

Attached is the addendum to the National listing of seriously deficient institutions as of May 2002, that have been denied participation or terminated from the CACFP in accordance with Section 226.6(c) of the CACFP regulations. Our national office is providing this addendum which incorporates information provided by your offices since the issuance of CACFP-655, September 25, 2001.

During the last couple of years, we have had discussions with several of you regarding institutions that self-terminate after being declared seriously deficient. We have instructed you, when it was appropriate, to follow through with the termination process in these instances. The termination process includes both a notice of intent to terminate letter and appeal rights.

We are now asking that you notify us of any institutions/individuals who may be on the National listing of seriously deficient institutions that did not get appeal rights. This could be an institution that was declared seriously deficient and then self-terminated prior to the State agency taking termination action and giving the institution its appeal rights. The State agency may have decided to go ahead and include the institution on the Listing even though it had not been given appeal rights.

Therefore, please provide the names of those institutions/individuals that are included on the Listing, not just the addendum, but the entire Listing, who were not given appeal rights. These names will be deleted from the Listing.

If you have any questions, please contact us at (303) 844-0359.

DARLENE SANCHEZ

Regional Director  
Special Nutrition Programs
